

 <p>Brock University Students' Union</p>	<p style="text-align: center;">Report from Scott Beattie -Submitted for BUSAC meeting (Non-Faculty Representative) Monday November 24th, 2008</p>
---	--

This year I join BUSAC in the middle of October as a new member so I have not had much time or experience as a BUSAC Counselor thus far. I am starting to get more involved within BUSAC by being elected to three committees. I have not attended a meeting yet since none have been scheduled but look forward to this upcoming week to attend my first academic affairs committee and external affairs committee meetings. I look forward to getting my opinion across to the committees and help contribute effectively to any initiatives that are been undertaken by the committees.

I have gotten involved this year within different areas of Brock. I volunteered at the sex with sue show as an usher. I also helped with putting some decorations up in Isaacs before the presidents' ball. I have also attended sporting events this year to help cheer on our badgers. As I do not have a faculty to work with I try to find out different initiatives that different faculties are doing and try to support them as best I can. I went out for the SPMA fundraiser for big brothers big sisters and have been trying to help out with the BMA food drive as well.

I look to continue and further my involvement with BUSU and the student body at Brock University in the following semester since I feel I have not given my all so far this semester.

Non – Faculty Representative
